## C/LARE (Computerized Landscape Architectural Registration Exams)

The dates for the administration of the multiple-choice sections of the LARE (Sections A, B and D) are as follows: **September 13-26, 2010**. Any multiple-choice exam may be taken on any day within the two-week window. Please check availability at the centre where you wish to test to determine the available testing days. The test centres have a limited number of stations available. Spaces are reserved on a first-come, first-serve basis. Candidates are encouraged to register as early as possible to have the best selection of testing centres. Visit [www.clarb.org](http://www.clarb.org) for registration deadlines and costs. BCSLA does not administer this exam but we are happy to assist if you encounter any problems.

## STUDY MATERIALS

CLARB and the American Society of Landscape Architects (ASLA) have partnered to provide quality preparation materials to candidates preparing to take the LARE. Through this partnership, CLARB will develop new vignettes each year for distribution, free to candidates from the ASLA website. New vignettes for Section C and E are now available. In addition to the sample vignettes, two solutions to each vignette are also provided. Visit <http://www.asla.org/LAREPrep.aspx> to download the sample vignette problems.

Watch the Friday email for information on workshops. Please contact Tara Culham or Jessica Tan at the BCSLA if you have any questions regarding the above.
