

Web Atlas Walking Tour of Coal Harbour

Join us on Saturday, June 13th for a walking tour of Coal Harbour and the Downtown Waterfront.

The tour will visit a series of landscape architectural developments featured in the Sitalines Web Atlas. Webmaster Adrienne Brown will describe the history and significance of each project along with little known facts about the design and construction. Project designers associated with any of the sites are invited to join us and answer questions. The tour will begin just north of Denman and Georgia at the entrance to Stanley Park at 10:00 AM, and will finish at the north end of Main Street.

Walking tour will visit sites marked in colour.
