

BCSLA PRE-INTERN APPLICATION

- i. has been employed for less than six (6) years in the field of Landscape Architecture; or

Please read The Road to Registration at www.bcsla.org/education/education-0 before applying.

The title “Landscape Architect” is regulated in BC in order that members of collateral professions, the construction industry, government, and the general public are assured that an individual has completed an accredited professional degree, followed by documented experience in a range of practice areas, and has met the requirements set out in professional exams. In BC, the Use of Title is governed by the Architects (Landscape) Act:

- 1) A person who is a member in good standing of the Society is entitled to use the designation “Landscape Architect.”
- 2) A person who is not a member in good standing of the Society must not assume or use that designation in any manner or represent that the person is entitled to do so.

For candidates with degrees and/or work experience outside the field of Landscape Architecture, a reduction to the six-year requirement may be applied as listed below:

	In an Unrelated Program or Field	In a Related Program or Field
Degree	One Year	Two Years
Diploma	6 months	One year (for a 2-year program)
Masters	6 months	One year
Work Experience		Up to 1 year (at a rate of 1 year for every 4 years worked)

Note #1: The amount of the reduction can be combined accordingly.

Note #2: It is up to the discretion of the Credentials Committee to determine the quality and relevancy of the degrees and experience earned in their recommendation of the amount of the reduction applied.
