

2021 Continuing Education Input and Credit Guide

The BCSLA informs everyone upon acceptance of their membership of the mandatory Continuing Education (CE) Requirements as per **BCSLA CE Policy** BCSLA Registered Landscape Architects, Landscape Architects, and Interns must report a minimum of ten (10) CE Credits and Inactive Landscape Architects must report a minimum of five (5) CE Credits annually. Those who are deemed CE-Non Compliant can expect disciplinary action as per [BCSLA Policy for Continuing Education Annual Non-Compliant Members](#).

As the BCSLA Continuing Education requirements are self-reporting, it is up to the individual to determine whether or not the activity is relevant to Landscape Architecture. The individual must also determine the number of credits to assign to each activity. CE Credits must be reported by December 31 of each year. It is **strongly** recommended that CE Credits are reported as they are acquired.

If you need assistance, please contact the BCSLA office and we would be happy to guide you through the process, or visit www.bcsla.org/education/continuing-education-ce.
