**NOTE:** *The information below applies to British Columbia only.*

In BC the title “landscape architect” is regulated in order that members of collateral professions, the construction industry, government and the general public are assured that an individual has completed an accredited professional degree, followed by documented experience.

According to provincial statute and BCSLA Bylaws:

- 2.4 Every person who is a Registered Member in good standing of the Society is entitled to use the designation “Registered Landscape Architect”; no person who is not a Member in good standing of the Society may assume or use that designation in any manner or represent that he or she is entitled to do so.
- 2.5 A Landscape Architect must apply to the Board of Directors to use the title “Registered Landscape Architect” or “Landscape Architect” or; “Landscape Architects” or “Landscape Architecture” in a firm or company name registered in British Columbia for a landscape architecture practice employing one or more Landscape Architects. The Board may allow such use of the title, subject to a written agreement of terms and conditions set by the Board, and duly entered into by the Landscape Architect. Use of the title by the subject firm or company may continue only on strict compliance with the terms and conditions of such agreement.
