

2022 BCSLA & CSLA Professional Dues

At the 2010 BCSLA AGM the BCSLA Membership voted via Special Resolution to approve an annual increase in dues equal to the annual rate of inflation, based on the Consumer Price Index (CPI), across all categories every year, rounding up to the nearest dollar. The intent was to maintain a good level of service and to undertake strategic investments in the growth and development of the profession using a fair and transparent process. As of November 17, 2021, the CPI was 4.7%. For information on the CPI, please visit www.bankofcanada.ca. Please see page 2 for additional details on professional dues and payment options.
