Welcome!

BCSLA BOARD OF DIRECTORS AND INTERIOR CHAPTER REGIONAL MEETING

It is our honour to welcome you to the British Columbia Society of Landscape Architects (BCSLA) 2018 Board of Directors and Interior Chapter Regional Meeting.

As you know, we have the preliminary program in place for the BCSLA Regional Meeting and Idea Exchange. Please visit <https://www.bcsla.org/events/information-events/bcsla-regional-chapter-meeting-idea-exchange> for all of the details.

Parking is complimentary, provided on a first come-first serve basis. All guests and meeting attendees will be required to have a valid parking pass (issued by the Front Desk) displayed in their vehicles. Vehicles that do not have a parking pass will be subject to the violation fees as outlined on the ticket.

SOMA CRAFT CIDERY

Soma Craft Cidery, formerly Bottega Farm Inn, has opened its doors to its cider tasting room and bistro. Soma is located on 13 acres of pristine farm land situated amid the rolling hills, orchards and pine forests of Southeast Kelowna.

Along with Soma's signature ciders, guests can experience a menu featuring locally sourced ingredients in their atrium bistro or can grab a cider, picnic basket and stroll out to the picnic area to enjoy the meal under the trees.

Visit Soma Craft Cidery Thursday through Sunday from 11:00 a.m. - 4:00 p.m. and be sure to say hello to the Alpacas before you go.

MEADOW VISTA

For the harmony of sustainable wine-making, farm fresh ingredients + protecting the honey bees...

Meadow Vista Honey Wines is located in Kelowna, BC on a five and a half acre farm, nestled amongst the orchards of East Kelowna. In partnership with our beekeeper, the farm is home to 110 hives of hardworking honeybees. The hives spend time on our Farm as well as other local farms, providing important local pollination while gathering sweet nectar to make honey.

At Meadow Vista Honey Wines we produce six different meads (honey wines) using BC ingredients including local honey, apples, cherries and blackberries. Our portfolio includes Bliss Sparkling Cherry, Bliss Sparkling Apple Cyser, Cloud Horse, Mabon, Rubus and Ostara with plans to add new and exciting products in the future.

We've been told that Meadow Vista Honey Wines taste "like nature in a glass", and we couldn't agree more.

THE VIEW WINERY

The View Winery is a family owned estate winery overlooking the City of Kelowna and Okanagan Lake. We have a strong commitment to quality and are proud of our award winning aromatic cool-climate whites and our fruit forward, spicy reds. Our wine shop is an eclectic and inviting stop for any wine tour. Tucked into a charming 1920's era vintage building that served as a neighbourhood apple packing house for generations, it's literally built on history. Visitors are offered the unique opportunity to taste our estate grown and crafted wines and cider right in our working cellar for a truly authentic experience.

GETTING OUT OF THE “ARCHITECTURAL BOX” IN THE AGE OF THE ANTHROPOCENE.

Fiona and Cal will facilitate a working session to explore how the two architectural fields can work together and help to move the environmental agenda forward in the anthropocene age of man-made climate change. In particular, they will explore the relationship between landscape and building architecture both inside and outside of the “architectural box” and how to get out of it to both enjoy and appreciate the unique geography and climate of the Okanagan. An initial presentation will flow into a breakout session to produce a BCSLA guide of the '10 best design elements to get humans to get out of their architectural boxes'.

CAL MEIKLEJOHN

ARCHITECT AIBC, FRAIC, LEED AP

Cal was born and raised in the Okanagan Valley of British Columbia, Canada and it was in this arid, semi-desert landscape where learned how the environment can influence architectural form and character. He has a Bachelor of Environmental Studies from the University of Manitoba in Winnipeg where he took the Landscape Architecture option in his final year and a Bachelor of Architecture from UBC in Vancouver. He has lived and worked – in English and French - in Montreal, Quebec and has traveled extensively throughout Europe and North America. He is also a Fellow of the Royal Architectural Institute of Canada.

FIONA BARTON

LANDSCAPE ARCHITECT MBCSLA, CSLA

Fiona and her coworkers are proud this year to be celebrating a milestone of 20 years for Outland Design Landscape Architecture. Since 1998, we have grown into a tight knit team of 13, based in the Central Okanagan, working hard (and playing hard) on a variety of public and private sector projects. We believe in connection with our clients and their projects and strive to create places which enhance and protect the environment while providing socially rich and people-friendly spaces.

Having worked in Scotland, Boston, Ontario, Newfoundland and Vancouver, Fiona calls Kelowna home and is pleased to welcome the BCSLA Board of Directors back to the smoky Okanagan again!

“WE EXPECT TOO MUCH OF NEW BUILDINGS, AND TOO LITTLE OF OURSELVES”
JANE JACOBS
