

RAINWATER HARVESTING TRAINING

"FROM GUTTER TO GARDEN... FROM ROOFTOP TO TAP"

A day-long intensive learning experience in technical and best practice aspects of **rainwater harvesting**, tailored for the lower mainland / Greater Vancouver and the surrounding areas. Emphasis will be on design of systems that work, based on national and provincial standards regulations, and on regional climatic data. Certification is offered through an optional examination to be taken on-site after the seminar.

Thursdays, Mar 6 and 20, April 10

Surrey, BC

TRAINER

Ken Nentwig BLA, MLA, CLP, CLD
CANARM Governor, BC

ken@canarm.org
250 999 2472
