

TriCities Urban Forest Forum

November 7, 2023 (7 PM) (Doors open 6 pm)

Douglas College Coquitlam Campus: Lecture Theatre A1470

How do we meet the urgent need for affordable housing while retaining the healthy urban forest we need to manage the effects of climate change?

Guest Speakers

Erin Gorby: Manager Urban Forestry & Parks Services AND
Karin Johnson: Sustainability Project Specialist, City of Coquitlam.

Andreanne Doyon: Director of SFU's Resource & Environmental Management Planning Program with expertise in urban governance, planning for resilient & climate-just cities, & sustainable housing.

Isabel Gordon: Director of Financial Services for the District of West Vancouver, with expertise on municipal natural asset valuation & management.

Brian Minter: "B.C.'s go-to gardening expert", author, & Order of Canada recipient who has recently written about shade trees & adapting urban forests & gardens to climate change.

Moderator: Nancy Furness (PhD, Plant Ecophysiology, UBC)

Host: "We've Got Issues" TriCities Community Television
