

Company Description

We are a global architecture, engineering, planning, and technology firm defining the cities of tomorrow.

By connecting design and technology, we change how people experience their built environment. We work across disciplines to create the intelligent systems, sustainable buildings, and efficient infrastructure that shapes the way people live, move, learn, and heal.

With almost 3000 employees and 60+ offices around the world, we understand what it takes to work locally and scale globally.

At IBI, we're defining the cities of tomorrow.

Job Description

IBI Group is seeking a talented **Landscape Architectural Technologist** to join our **Calgary's** Placemaking team, working on diverse projects throughout Alberta as well as providing support to our other offices as needed. As part of this team, you will help and support the design of high quality and sustainable public and private spaces. You will have the opportunity to provide technical assistance for preparation of designs and drawings as well as contract administration and other duties under the direction of a licensed landscape architect.

Most of the things you'll work on

- Work with the Senior Landscape Architectural Technologist and Landscape Architects for technical drawings and drafting
- Collaborate with other disciplines including planning, architectural and engineering technologists
- Work cooperatively as part of a team and collaboratively with peers and clients, internally and externally.
- Ensure project deliverables comply with local standards and contract requirements
- Prepare construction detail drawings using CAD
- Complete quantity take-offs and prepare cost estimates
- Assist with preparation of specifications and technical reports
- Assist with the creation of presentation drawings using Adobe Suite and Sketch Up
- Support contract administration staff (with a willingness to learn in the field) and become proficient in site reviews and the associated site administrative paperwork on a wide range of project types and clients.

Qualifications

You'll need to have:

- Diploma from a recognized institution within the field of Landscape Architecture
- Experience with contract administration (construction monitoring and inspections, etc.)
- Must have a valid Class 5 Alberta drivers license and access to car to undertake site visits
- Proficiency in latest version of AutoCAD
- Experience in preparation of construction detail drawings
- Excellent verbal and written English communication skills
- Excellent organizational skills

NOTE: We ask that you include a portfolio of representative work with your resume submission, which should be no larger than 10MB.

Additional information

Why you should work for IBI Group:

Our employees will find a design environment where collaboration is at the core of the business. We proudly support our team members through continuing education, completion of licenses and certifications, memberships in professional societies, seminar and conference attendance.

- Competitive Base Salary based on industry standards
- Robust Extended + Medical Benefits
- Participation in Incentives Program
- Remote Work Options or Hybrid WFH-Office Schedule
- Coverage of Licensing Fees and Annual Dues to Professional Associations
- Professional Development & Self Directed Learning Resources

We request applicants submit RESUME highlighting relevant work experience; please limit PDF files to 10MB. We thank all applicants for their interest. However, only those selected for an interview will be contacted. IBI Group is proud to be an Equal Opportunity Employer.

As part of IBI Group's selection process, candidates may be requested to consent to background checks relevant to the role under consideration for, prior to receiving a job offer. These could include: work references, education and credential confirmation, employment verification, identity check, credit report, criminal offence and driver's license record.
