

# DIALOG®

## Junior Landscape Architect – Edmonton Studio

DIALOG is a fully integrated multi-disciplinary design firm of landscape architects, urban designers and planners, architects, engineers, and interior designers. Our specialty and spirit are founded on unique collaborations for projects, clients and communities.

Our work includes design for urban vibrancy, health and wellness, transportation, arts and culture, retail and commercial, residential, education and research. DIALOG has been designing positive change in communities since 1960. Although our work has attracted many awards over this span, we consider a project truly successful when it is embraced by its community. What you will find here is passion without pretense; people who love coming to the studio every day, rolling up their sleeves, and working with a variety of clients to find common ground, and a brighter future for the communities we serve.

### About the Role

As an integral part of our growing Planning and Landscape team in the Edmonton studio, you will work on a wide range of project types and tasks from visioning and conceptual design through to contract administration.

### Responsibilities

- As a member of the Planning & Landscape Architecture team, you will be responsible for the full range of project responsibilities including:
  - Preparation of design drawings from concept through to contract documents, tender and contract administration services
  - Preparation of 3D concept renderings and diagrams
  - Preparation of cost estimates, quantity take-offs, site analysis and construction reviews
  - Exploration of innovative design solutions as part of the creative process

### Professional Qualifications:

- An undergraduate or graduate degree in Landscape Architecture (BLA or MLA) preferred
- Up to 3 years of experience in landscape architecture, ideally in a consulting environment
- Experience with master planning and urban design is preferred
- Proficiency in AutoCAD & 3D modeling platforms is required; experience using REVIT an asset
- Emerging level of design ability and technical knowledge are required, with an understanding of the landscape architect's role in a consulting environment
- Excellent organizational and communication skills
- Experience working in a team environment
- Demonstrable experience in conceptual design, design development and contract execution
- Experience in proposal preparation an asset
- Self-motivated individual with the ability to work independently as part of a team, a strong desire to take part in finding creative solutions that are environmentally responsible and technically sound

- Associate (intern) member of the Alberta Association of Landscape Architects (AALA) or other provincial landscape architecture association preferred

### **Why work for DIALOG?**

We are proud to have been named a Top 100 Employer in Canada for 2013, 2014 & 2015. Employing over 550 people in 4 studios across Canada, DIALOG is committed to delivering sustainability and excellence in design along with exceptional client service, in a fun working environment.

- Our team is fun, creative and committed to success;
