Production Manager

M/s. Periyanyaki Plantations,
Kanalkadu (Mamarathodai)
Mangalamkombu P.O.,
Dindigul District, Tamil Nadu, India

Location :

The plantation is located at Lower Pulney Hills of Tamil Nadu, India. The farm is situated at 1100m MSL and it receives 1100 - 1200 mm of annual rainfall. It enjoys the subtropical climate which facilitates cultivation of coffee, black pepper, mandarin oranges, hill banana, cardamom, cut flowers (anthurium, carnation), areca nut, chow chow, beans etc. The farm is 450 km away from Chennai and 50 km away from Dindigul town. The nearest airport is Madurai (90 km) and the railway junction is Dindigul (50 km).

Responsibilities:

1. Achieving production target in crops like coffee, black pepper, mandarin oranges, and vanilla
2. Mobilization and allocation of casual laborers depending on the workload. Execution of listed work as per the monthly calendar of operations schedule
3. Purchaser of farm inputs like fertilizers, pesticides, farm tools and implements.
4. Budgeting, Accounts maintenance, Records keeping and Reports preparation in MS word and excel. Sending the reports periodically (monthly, half-yearly and annual) to the Directors of the firm.
5. Periodical discussion with staffs and Directors.
6. Recruiting personals for administration and farm operations.
7. Legal activities like payment of Agricultural Income Tax and sending reports to the Plantation Inspector
8. Scientific approach: Periodical discussion with scientists of Coffee Board and spices Board and State Agricultural University to update the latest technologies in plantation sector
9. Farm activities: Daily supervision of field and work site, Monitoring the pest and disease incidences, Observing climatic factors (rainfall and sunshine hours etc)
10. Marketing of farm produces.
